

Whisperwood - August 2010 Newsletter

First ever, Whisperwood Bass Fishing Tournament

After several years of consideration, Whisperwood Lodge & Cottages held the first Bass Fishing Tournament for registered guests the week of August 21 - August 28. We should have done this years ago and we certainly want to make the tournament a yearly event and maybe do another Tournament earlier in the season as well.

With some of Whisperwood's seasoned anglers along with other guests, the tournament was a lot of fun for everyone. All participants received a special Whisperwood measuring board, artfully crafted by Doug, for their boat and qualified fish had to be photographed on this board. Each day big fish were caught, measured, photographed and released. For

those interested in the day by day results and comments, please take a look at the Whisperwood Forum at: http://www.whisperwoodlodge.com/aa_forum.htm The tournament rules were simple, the longest largemouth bass and longest smallmouth bass at the end of the week won the prizes. The lead changed many times, especially in the smallmouth bass division and Mike and Chris made things very interesting by catching a big smallmouth and largemouth bass the last night of the tournament to challenge the leaders, however, their catches fell just a bit short. The competition was tremendous and the largemouth division was decided by 3/8 of an inch and just $\frac{1}{2}$ inch for the smallmouth division. For all the details, results and photos from the tournament week, take a look at: http://www.whisperwoodlodge.com/big_bass_August_Tournament.htm

Congratulations to Steve and Ned, winners of Whisperwood's first ever Bass Fishing Tournament.

August was another tremendous bass catching month - check out the August 2010 Big Bass photos at: http://www.whisperwoodlodge.com/big_bass_August.htm

We have cabin availability for September, so if you want the chance to catch that "big one" or just need some relaxing time around the lake, please let us know and call for your reservations.

Your hosts and thank you,

Doug & Candee McCafferty
